## THE DRINKS

BarWizards understand that there is no point in entertaining your guests without serving them great drinks, and fast! That is why we put a lot of time in creating the right menus for your special occasion.

When booking the BarWizards bar service you will be sent a copy of the **“BarWizards Little Book of Cocktails”**. In this book you can choose 5 alcoholic drinks and two non-alcoholic drinks from the book to be served at your event. You can even choose to name these drinks yourself if you require.

Once the drinks are chosen then there are two options:

1. We will provide you with a complete cocktail shopping list and where to buy the products based on the numbers of guests at your party.
2. We bring all stock to your event.

## THE BARS

BarWizards work from some of the best mobile bars available. The bars are available in 2 metre sections and can provide up to 20 metres of bar that can be put up in any shape, anywhere. For the extra special occasion we have interchangeable coloured light

bars. The bars are fully functional working stations allowing speed and quality of service. The bars are also available with corners and a variety of coloured lighting.

For branding opportunities we can make fascias for the bar, which can be branded. The bars can be set up in a matter of hours depending on the event.

## EXTRAS

We know that great bars and bartenders cannot operate without a few essential basics. BarWizards will arrange every detail of your bar without you having to lift a finger. We can provide and arrange all glassware, ice, beer, wine and soft drinks. Each event comes complete with an event manager to make sure the night runs as smoothly as possible.

We also provide bar support staff to make sure we leave your event as we found it, and if required cocktail waiters and waitresses can be on hand to serve those guests who just want to sit and take it easy.
