BARWIZARDS - TANDEM FLAIR SHOWS

Neil & Neil, or 'The BarWizards' are international celebrity bartenders to the rich and famous, who were finalists in Simon Cowell's 'Britain's Got Talent'.

Due to popular demand the Barwizards team has expanded to a further 8 "Alternate" acts to Neil and Neil. The award winning show is performed by our ever growing team of World Champion Flair bartenders and offers a great alternative for events with tighter budgets.

They have devised a show which is leaving audiences astounded with both their technical skills and sense of fun. After performances in over fifty countries over the last ten years the BarWizards decided to develop a new flair show, with the intention of bringing something fresh and new to the entertainment market.

The flair extravaganza sees the BarWizards performing a 'Tom Cruise' style flair show, carefully choreographed to music. Flipping, spinning, throwing, catching, shaking and pouring their way through a jaw-dropping routine using real bottles, tins, glasses, and bar equipment in this unique act.

The show is a real crowd pleaser and is perfect to use to enhance the atmosphere, changing the mood of an event by whooping your guests into a frenzy! The act is most suitable as an after dinner cabaret stage show, perfect for adding something memorable to your event, or attracting attention at PR events.

The show is versatile can be performed almost anywhere, provided that the stage is of reasonable size and the audiences can see unhibited.

You have the option of choosing an interactive addition to the show where guests will be chosen to join the BarWizards live of stage and play a part in one of their flair routines!

There is no expensive set to build, and the BarWizards are happy to perform at anytime, in any country, and guests of any age and gender will all appreciate this fun and visual spectacle.

We'll let the fans tell you more about the benefits

WE REQUIRE...

Sufficient space

- 3m wide x 2 m deep floor space (minimum).
- Ceiling height of 2.5m
- The audience to be closer than 2m to the stage.

Stage lighting

- **Adjustable stage lighting** - usually set to a moderate colour wash.
A lighting check in advance of the show, to ensure that the BarWizards will not be dazzled, this is important for health & safety reasons.

PA System

- With a CD player for you to play during the show - you will need to operate this.

Staging

- To ensure all your audience can see the show to increase the impact. If you are in doubt please consult the sales team who are happy to perform a site visit and advise you if necessary we will recommend an Audio / Visual system to relay the show onto screens to allow your guests to see the BarWizards antics. No precious, breakable or delicate items are to be placed on or near the stage, (please consider scenery, plasma screens, pictures, windows, mirrors etc). Please ask us if you are concerned about the suitability of your chosen space. The stage needs to be in one fixed piece or held together

Ice

- Approximately 4kg of cubed ice at least 15 minutes in advance of the show.

Screen Relay

- If you have a difficult room layout, or a large number of guests, we will insist upon projection screens, a cameraman, and a live relay so all your guests will enjoy the show. (Please ask the sales team).

Subsistence

- Please feed and water the BarWizards - it means they perform better.

Changing Facility

- A dressing room or private area for changing - including a secure area for storing the 'BarWizards' personal belongings.

Practice area

- For the BarWizards to warm up and practice the show - away from the audience, and somewhere safe.

Accommodation & Travel

- Expenses will be additional to the fees quoted.
